

Dagger Special Events.

During the 2005 World Freestyle Championships Dagger will be running three special feature events, two of which are designed for competitor participation.

- The Dagger Gift.
- The Dagger Big Air.

The Dagger Gift is a race around the course in a competition freestyle kayak without a spray deck. (Open C1 boats are not permitted)

The boats of competitors are placed on the waters edge in the top pond. Competitors then line up on the terrace. On "go" competitors run from the fence, get into their boats and then paddle down the course with out a deck. The first boat, with competitor inside and in control, to reach the concrete beach at the bottom of the course is the winner.

As the event is being held on finals day, finalists will not be able to enter.
